JUST A FEW OF OUR 5-STAR REVIEWS...

The quality of service provided is top notch. Very attentive and the communication before, during, and after our event was superb! The young lady who operated the booth was wonderful! Great experience!! Don T. - 6/25/22

As venue owners, we highly recommend Memory Box Photo Booths! Besides having a well-staged set up, they were completely engaged with all of our guests, making the experience a lot of fun. At the end of the evening, they presented the bride and groom with a beautiful memory book of their guests and the great time they had. Richard and Julie were so warm, we considered them friends in no time and will sincerely look forward to having them again! Christina A. (Red Barn, Milan, MI) - 1/4/21

5/5 Stars - My work has used Memory Box Photo Booths many times in the past for our late-night events; however, this was my first time working with them & they were fabulous. Richard arrived early to set up & had made so many fun props & backgrounds for our Stranger Thing themed event. I love getting to see the gallery afterward & all the fun memories people made. 100% recommend using memory box for any & all of your photo booths needs; they have lots of packages at many different prices. Zoe V - 11/12/19

What a wonderful company to have as part of your wedding! Memory Box Photo Booths was amazing to work with. We called them about 5 months out, and they accommodated all our specific needs. The night of the wedding, Alyssa and Justin were great at encouraging our guests to use the booth...and what an array of props! Our guest book and photo strip designs were perfect. What a great way to keep the memory of our wedding alive. I would highly recommend them for your next event. Kathryn N. - 12/10/18

As a wedding DJ who has been gigging just about every weekend for the past five years I've worked with a lot of photo booth companies. By a lot I mean hundreds. Memory Booth is not only the best quality, but according to my past brides and grooms, it's also affordable, which to me makes it the best overall. Consider this the five star boutique that you were lucky enough to come across. Certainly a better choice than any of the larger companies as well as all of the smaller ones that I've come across so far. (Entertainment) - 7/12/17
